RESTORING HEALTH

About Surgitech Healthcare Private Limited

Surgitech Healthcare Pvt. Ltd. is an emerging medical device company focused on developing and commercialising innovative, life-enhancing medical technologies, surgical instruments, surgical equipment's and medical devices that help in improving the patient life and surgical outcomes.

The company collaborates with the surgeons and O.R. professionals for developing unique and innovative products to meet their needs.

Surgitech healthcare Pvt Ltd founded in 2015 by budding and hungry team of entrepreneurial minded, motivated team to execute on its bold mission to make super specialised surgery affordable across the world so that no human being, in any corner of the world, should suffer due to the inaccessibility of specialised medical expertise.

Quality is an essential business philosophy. The unmatched quality of our products has fetched us accolades of our discerning clients that are constantly increasing in number. Our workforce comprises of a team of highly skilled and well-trained professionals who look after every aspect of the products.

Our flagship product is redefining the standards of surgeries and also **changing the experience of surgery for people around the world.**

Redesigning Minimal invasive cardiac surgery instruments which is multipurpose & easy to fit any size hand and produce positive patient outcomes.

Our commitment to serving Surgeons, Nurses and ultimately their patients around the world.

Our Vision:

Our vision for ethical and high quality products with all our suppliers, we are constantly offering support to our customers who were regard as partners. With dedicated and full trained sales as well as service terms.

Together with our customers we are driven to make Healthcare better
